

Applied Control partners with you to provide best-in-class technologies, process insights, and leading services. We strive to deliver solutions that support reliable, safe and efficient operations through the entire process life cycle. As an Emerson Impact Partner, Applied Control connects our customers to world-class solutions, superior technical expertise and life cycle services. Applied Control, Emerson and the North American Emerson Impact Partner Network have the expertise to solve your toughest automation and control challenges.

VALVES, ACTUATORS & REGULATORS

Control, regulate, isolate and protect your process with certainty using highly reliable technologies.

- General Service, Severe Service, Sanitary Service, Butterfly, Ball, Triple Off-Set, Globe, Gate, and Check Valves, Choke Valves, and Regulators
- Actuators, Controls, Automated and Manual Valves
- Process Instrumentation
- Overpressure Management

SERVICES & SUPPORT

Shop & Warehouse:

- Custom Panel Build in a UL-508A and UL-NNNY Shop
- Valve Automation
- Factory Acceptance Testing
- Local Inventory of Parts, New & Re-Manufactured Valves
- Parts Kitting
- Quick-Ship
- Valve Repair

In-House Expertise:

- 24/7 After-Hours & Emergency Support
- Factory-Trained Staff
- Application Engineering
- Control Systems Engineering
- Panel Design & Drawings

On-Site Services:

- Automation Technologies Installation & Troubleshooting
- Outage & Turnaround Management
- Control Systems Services
- Valve & Regulator Repair
- Safety Relief Valve Repair
- MOV & Actuator Service & Repair
- Plant Asset Reviews/Plant Walk-Down
- Flow Computer & RTU Support
- Startup & Commissioning

Global Resources

- Emerson Impact Partner
